Description

D	[ID]	[en th zh sp fr]	:	
Mandatory – marks the line as a Description row	Optional – If used, must be the same as the Question ID.	Optional – if used, must have an equivalent Q language line.		Marks the start of the question text

Question

Q	[ID]	[en th zh sp fr]	:	
Mandatory – marks the line as a Question row	Optional – Used for importing to signify the question to amend. If omitted, it will create a new question on import.	Optional – if omitted, the import will assume the current language is to be used.		Marks the start of the question text.

Answer

A	[ID]	[en th zh sp fr]	C	:
Mandatory – marks the line as a Answer row	Optional – Used for importing to signify the answer to amend. If omitted, will assume they are ordered starting at 1, and add answers in that order (especially for the case of answers given in a static order).	Optional – if omitted, the import will assume the current language is to be used.	This character will only appear in the answer line(s) that contain the correct answer.	Marks the start of the question text.
